

PREFERRED SOLUTIONS LINE

The Qual Chem® Preferred Solutions line is our core product offering—providing operators custom chemistry for tunnel application.

Q ENHANCE®

Enhancements that make a difference in your results!

Q ENHANCE HIGH®

Q Enhance High® is an additive that is formulated to boost ph.

Combine Q Enhance High® with one of our primary cleaning products Q Clean® or NanoClean® to create:

- high ph presoak
- wheel and whitewall cleaner
- bug cleaner
- touchless cleaner
- general purpose cleaner

It can also enhance the performance of Q No Touch High or Q Wheel & Tire.

Q ENHANCE HIGH 2X®

Q Enhance High 2X® is the same great cleaning product as Enhance High® with twice the cleaning power.

Q ENHANCE LOW®

Q Enhance Low® is an additive that is formulated to boost ph.

Combine Q Enhance Low® with one of our primary cleaning products Q Clean® or NanoClean® to create:

- low ph presoak
- low ph lubricant detergent
- wheel cleaner and brightener
- finish conditioners
- general purpose cleaner

Q ENHANCE LOW 2X®

Q Enhance Low 2X® is the same great cleaning product as Enhance Low® with twice the cleaning power.

SUGGESTED APPLICATION

TUNNEL
